COLLEGE OF APPLIED HUMAN SCIENCES

Commercial Kitchen
Restaurant and Resort Management

Gift Opportunity - \$300,000

**Preparing students for careers
in the culinary arts.**

A commercial kitchen is a fundamental part of the practice setting for a growing and successful Restaurant and Resort Management program. Currently, the program has outgrown the current facilities.

To enhance this popular academic program with steady career outlook, designs for a commercial kitchen are being planned to complement the classroom setting, internships, and hands-on experience gained in the student-run Aspen Grille.

The award-winning Grille, conceived and designed by students, offers real-world experience in the working classroom. Students are proud of a recent certification by the Green Restaurant Association designating the Grille as a “green restaurant” – the second restaurant in the state of Colorado to receive this honor.

The commercial kitchen is a unique naming opportunity for an individual or industry partner that wants to maintain a meaningful connection with students for years to come.
